

## **Beverly Farms Elementary School PTA Translator Volunteers, 2008-09**

A key goal of our PTA is to create a more inclusive community by enabling all to become comfortably involved at Beverly Farms and increasing participation in PTA programs. Communication with all the members of the Beverly Farms community is fundamental to achieving that goal. But we need resources...

*If you are bilingual or multilingual, we need your help to reach all our Beverly Farms families.*

Translators are called on to facilitate meetings, parent-teacher conferences, and to welcome new families. In recent years, we have had help from Chinese, Farsi, French, Hindi, Italian, Korean, Portuguese, Punjabi, Russian, Spanish, and Urdu speakers. A list of volunteer translators will be distributed shortly after school starts and will be published in the Beverly Farms Elementary School Directory.
