## Musical Theater Center

Throughout our 26-year history, Musical Theater Center has enriched the lives of thousands of students, age seven to 18, through expert training in the musical theater arts, master classes and opportunities to perform each season in popular full-scale productions before area theater audiences. Musical Theater has produced over 100 musicals, including *Annie*, *Footloose*, *West Side Story*, *Les Miserables*, *The Wizard of Oz*, *Anything Goes*, *Peter Pan* and *Cinderella*, to name a few.

At Musical Theater Center, our classes, workshops and summer day camps are taught by talented professionals with excellent credentials, teaching abilities and performance experience. Their nurturing and charismatic personalities inspire and challenge our students, some of whom have gone on to successful careers on Broadway and with regional and local theater companies.

Whether your child is interested in pursuing a career in musical theater, or just learning to sing, dance and act, we offer the best possible training at all levels to help them grow and become more confident about themselves as people.
